California Diversity Council Hosts 3rd Annual San Diego Women in Leadership Symposium

On March 9, 2016, the California Diversity Council hosted the 3rd Annual San Diego Women in Leadership Symposium at AMN Healthcare in San Diego, CA. Attendees of the symposium gained knowledge and advice from corporate leaders who shared insight from their personal success and leadership experience as professionals.

“It is always a pleasure to hear from such influential women in business, Founder and Chairman of the National Diversity Council. “Our speakers deliver forward thinking messages that inspire all of us to continue striving for success.”

The half-day event featured multiple business leaders from various organizations discussing topics such as “The Courage to Lead,” “Get a Sponsor & Get Ahead,” and “Becoming a Person of Influence.” The symposium began with a welcome from Maggie Osburn, Executive VP & GM of Employee Benefits at HUB International Insurance Services, Inc. Following a series of speeches presented by the featured panelists, audience members were given the opportunity to ask questions and share their thoughts on the discussion topics presented.

The California Diversity Council would like to thank all the sponsors, speakers and attendees for helping to make this event a success.
